Dear Sir:

**REQUEST FOR CORRECTION OF ERROR ON FILING RECEIPT**

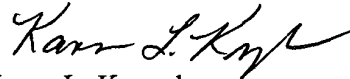

Errors were noted on the filing receipt issued for the application identified above. The first error relates to the total number of claims. Multiple dependent claims were not counted in the listing of the total number of claims. Applicants believe that the total number of claims is 103, as indicated on page 2 of Form PTO-1390.

The next error relates to the title of the invention. The title reads "Transgenic plants modified to contain resveratrol glucoside anduses thereof." The title should read "Transgenic plants modified to contain resveratrol glucoside and uses thereof."

11137/04704

Applicants respectfully request that these errors be corrected as indicated above. The changes requested have been marked in red ink on the enclosed copy of the original filing receipt.

Respectfully submitted,

Karen L. Knezek

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).
